

Abstract

The **Veski** innovation fellowships are open to Australian and non-Australian researchers and scientists in the fields of science and innovative technology.

Duration & financial support

Successful individuals may receive up to AUD\$50000 per annum for a maximum of three years to undertake their research in Victoria.

Deadline

at this stage, **veski** has delayed calling for applications for the **veski** innovation fellowships in 2020 until further notice.

www.veski.org.au

Who can apply

The **Veski** innovation fellowships are open to Australian and non-Australian researchers and scientists in the fields of science and innovative technology, in the areas of:

- biotechnology
 - biomedical
 - advanced manufacturing(including food science and bioengineering)
 - digital agriculture
 - cyber security
 - environmental and energy technology
 - the enabling sciences
 - space and transportation
- And any other areas demand a priority

How to apply

Applications must fully address requirements 1-8 in the application form. The **Veski** science committee will only consider information provided in the application and supporting documentation.
